

CUSTOMER NOTICE OF WATER USE RESTRICTIONS

CROSS COUNTRY WATER SUPPLY CORPORATION DROUGHT CONTINGENCY & EMERGENCY WATER DEMAND MANAGEMENT PLAN

DATE: 8/26/2025

TO: Members of Cross Country Water Supply Corporation

FROM: Allen Bryant, General Manager, Cross Country WSC

Due to extreme water usage during the past weeks, our system is unable to meet the demand of all water needs. Therefore, under our Drought Contingency and Emergency Water Demand Management Plan on file with the Texas Commission on Environmental Quality, Stage I allocations will begin on **8/26/2025** and will remain in effect until conditions improve.

Stage I allocation restricts your water use as follows:

Members of Cross Country WSC are **REQUIRED** to follow a 3-day watering schedule.

(This does not pertain to the watering of outdoor livestock / cattle.)

SCHEDULE:

- **ODD**-number addresses: SUNDAY, TUESDAY, & THURSDAY
- **EVEN**-number addresses: MONDAY, WEDNESDAY, & SATURDAY

APPLIES TO ALL:

- No outdoor watering on FRIDAYS
- No outdoor watering between the hours of 10 a.m. and 7 p.m. DAILY

The Board has authorized penalties and measures contained in the Corporation's tariff that may be levied against you and placed on your account(s) if you are found violating this allocation. If you feel you have good cause for a variance from this water use restrictions program, please contact us directly at 254-836-9962 or you may submit your variance in writing to the office at 14933 Wortham Bend Rd. China Spring, TX 76633. A complete copy of our approved Drought Contingency and Emergency Water Demand Management Plan is available for review in our business office. A copy may be obtained for standard copying charges.

Thank you for your cooperation.
